

The New Product Showcase will debut at Display Week 2016 – San Francisco. This new feature at Display Week is an opportunity for all exhibitors to place their new products in a dedicated area, to allow all show attendees to preview their new product(s) before visiting their booth. The New Product Showcase is a quick overview of what attendees will be able to see as they walk the entire show floor. This is an excellent opportunity for every exhibitor to gain additional exposure. This opportunity does not require any additional exhibitor staff as it is an unmanned presentation area.

NEW PRODUCT SHOWCASE DISPLAY PACKAGES

The NPS will be featured in a story about this exciting new area in the July/August 2016 issue of ID Magazine.

Tabletop Display: this display provides an opportunity for buyers and media to get an up close look at your new product by viewing it for an added impact. Each tabletop space measures 2'D x 4'W and is free to all exhibitors for the first entry.

You may include an information piece with your product (no larger than 8.5" x 11"). We recommend purchasing a Lucite frame to hold your marketing piece upright as these will not be supplied by Show Management.

NEW PRODUCT SHOWCASE RULES AND ENTRIES

We ask your cooperation in abiding by the rules established for the New Product Showcase. It may be necessary for Display Week staff to interpret and enforce the rules. To avoid problems and risk possible disqualification, **PLEASE READ AND REVIEW THE RULES CAREFULLY BEFORE SUBMITTING ENTRIES.**
